CUSTOM FOOT ORTHOTICS LAB

800.840.1487 | info@biocorrect.com

A *difference* you can *feel*

Biocorrect's orthotics are crafted to address the entire structure of your foot, because true foot alignment, from the heel to the toe, is the key to optimal performance, maximized efficiency, and the achievement of biomechanical balance.

☐ *Stride•FIT*

A completely customizable, full-length orthotic, dispensed by healthcare professionals and designed to treat common conditions or injuries resulting from lower extremity imbalances.

☐ *Comfort•FIT*

A full-length orthotic, designed to offer relief for lower body discomfort while providing maximum foot support and comfort.

☐ *Slim•FIT*

A ¾-length orthotic designed to offer relief, support and comfort, while accommodating low profile footwear.
